Test Site Employment, Scope Increase Related

The National Space and Aeronautics Administration has upped its estimate of employment at the Hancock County test facility from 1,500 to 2,000 as well as scheduling at least four phases of its lunar landing program for testing here, it was disclosed at the Mississippi Press Assn. convention in Biloxi Friday.

David L. Newby, assistant deputy for administration at the George C. Marshall Space Flight Center at Huntsville, Ala., reported on the revised thinking during a panel on what the Hancock site means to Mississippi. Eventually the S-1 stage now being tested at Huntsville will be moved here along with S-1C and S-11 and the Nova 1 and 11 stages. Other engines to be tested here will include the F-1.

Seven Stanislaus Grads Win Prizes

Seven St. Stanislaus seniors received honors and awards in graduation exercises May 30. They were Sandy Parrott, American Legion award; Charles Weston, Bauch-Lomb award in the science division and a science scholarship to Mississippi State; Waldo Caceres, athletic scholar-

little timber removal, he continued, because there are few trees where the test stands will be set up. The government will not buy in the buffer zone unless there is a hardship case and the owner wants to sell, he emphasized.

By-products which might be manufactured in the area were also cited. With the growth he warned there will be "unavoidable growing pains and community headaches, but none that can't be solved."

514 Sign Petitions In Protest

Petitions bearing the signatures of 514 residents in the NASA test site area protesting purchase price offers for their land were filed with the county board of supervisors Monday.

In calling on Mississippi senators and Rep. William Colmer for aid for these people as the petitions requested, the board noted that from the information given to it there appeared to be "grave injustice done."

Supervisors wrapped up the session in quick order, approving claim dockets for May and adjourning before noon until next Monday. Payment of \$750 as a compromise settlement with Wells-Taylor Industries over some wood allegedly shipped to the county in late 1959 was approved.

Transfer of \$9,633.25 from the Beat 5 state aid road project fund to the beat's road and bridge maintenance fund was approved, all bills having been paid, and \$5,000 was moved from the beat fund to a bond issue fund for the road improvement program.

Eli Thompson, now in county jail, will be tried Thursday night by Beats JP Nellus Rhodes, on suspicion of burglary. Thompson is charged with entering the Bobby Ann Bakery and stealing 20 lbs. of sugar. The burglary was not discovered until Monday and the sheriff's office reports the break-in may have occurred any time over the weekend.

Leonard Rasmussen of this city is serving a 10 day jail sentence for attacking and beating Liddle Coates, also of this city. This and a \$15 fine for trespassing were imposed by JP Rhodes.

Henry Crabtree and Joseph Grimaldi, arrested last week by Sheriff Price on charges of drunken driving and using profanity, have still to be tried.

County Superintendent K. G. McCarty was instructed to secure bids on his proposal to purchase four new school buses in line with state specifications. Specifications were also directed for a new well at Gulfview School since the 40-year-old one is no longer working properly. A filing cabinet for records at North Central and

at Gulfview also was considered. Proposed driver education course at North Central was tabled until Attorney Walter J. Phillips can study recent legislation on state aid for such training.

Payment of May bills was approved except those for telephone service because of personal long distance calls and a \$360 item from Dave McDonald, Inc., which required legal advice on breakdown of items purchased with bids.

Mrs. Verda Miller of Bayou LeGarde requested transfer from the North Central district of her small children saying that traveling distance was too tiring for them. She said several neighbors with small children were of the same opinion.

Two top land appraisers of the Army Corps of Engineers arrived this week to review sales data in NASA's Hancock County test site as the result of protests from land owners that they are not getting a fair price from the government in sale of their property.

Conferring with spokesmen for the landowners and checking over sales records are J. M. Senter, assistant chief, appraisal division, office of the chief of Engineers, and C. L. Uttenhove, chief, appraisal branch, South Atlantic division.

Decision to send in the appraisers resulted from a conference last Friday of Senator John Stennis with General W. K. Wilson and other key officials of the Engineers following the property owners' organized protest.

Stennis announced also that Col. D. A. Raymond, district engineer at Mobile, will personally confer with official spokesmen for the property owners committee which he believes will be helpful to those involved.

A key member of the Senate space committee, Stennis said he has urged the Engineers to let their first offer to landowners be at least the appraised value and do so as quickly as possible. Where the owner feels the offer is less than fair market value, he advised making a counter offer or letting the government file suit for condemnation. (The government filed suit Oct. 25, 1961.)

Meanwhile, O. B. Moore, project manager for the Engineers' land acquisition office here, reported sales have been closed on two more tracts in the last week and three more options have been secured. Purchased were Tract 232 involving 3.33 acres of Mrs. Angle Pearl Whitney Janssen Mullen and No. 207 for five acres of Mrs. Eva Vince.

All employees of the corps in Bay St. Louis are federal civil service employees working on a salary basis, Moore declared. "In transactions relating to land acquisition for the Mississippi Test Facility, no commission payments whatsoever are involved, rumors to the contrary notwithstanding."

North Central Case Again

Two seniors at Hancock North Central School who failed a required subject and therefore were not eligible to graduate got a cool reception from the County Board of Education Tuesday when they asked the board to direct their school superintendent to sign their diplomas anyway.

The board, however, agreed to take up the youths' request when it convenes again June 16, indicating that discipline, rather than grades, were the criteria in its decision.

Trustees E. P. Orme pointed to the pair's reported activities commencement night and said he wasn't sure the two shouldn't be expelled which would mean they could not obtain a diploma in Mississippi. He suggested they be satisfied with the requirement to make up the credit in summer school.

Suspects in Narcotics Theft Are in Memphis

Inspectors Ford O'Neal and D. V. Crockett of the highway patrol and Deputy Sheriff Gerald V. Price, Jr., left Wednesday noon for Memphis to continue the investigation of the Beach Economy Drug narcotics theft May 17.

Local authorities were notified last week two suspects had been arrested in Memphis, but would be released on bond, Sheriff

Price said the local trio of investigators had been authorized to take the necessary steps in returning the suspects to the area.

Leonard Rasmussen of this city is serving a 10 day jail sentence for attacking and beating Liddle Coates, also of this city. This and a \$15 fine for trespassing were imposed by JP Rhodes.

While indicating their willingness to do so the eldersmen postponed until a recessed meeting June 12 a request from Waveland Drug to formally abandon a well given the town in 1927 by Mrs. Louise M. Herlihy. While not used on the municipal water system the well still has a pressure of about 16 pounds and it was felt that, before abandoning it, the city should pump up the well.

On motion by Alderman Albert Grass, seconded by Sonier, the two bids for painting and repair of the town's water tower were rejected. With differing specifications, National Tank Maintenance Corp., Des Moines, Iowa, bid \$900 for painting inside and out, \$400 for inside only and \$600 for exterior only, while United Bridge and Tank

Polly At Waveland

Monday morning once again after spending three heavenly days at the Mississippi Press Association, I find my thoughts turning back to tables laden with fabulous food, a couple of extra hours each morning—dancing to the music of Jim Garber (which sounds just as wonderful today as it did when first heard some 20-odd years ago) and a number of speeches from which much information was gleaned regarding the space age, its probable impact upon our area. . . I even have a vague idea what keeps a capsule in orbit—also thanks to one most interesting speaker, some vague conception of what gives in Laos, another told how the real pros sell advertising, and of course heard much on the responsibility of a newspaper to the reading public, but—come to think of it—nothing, but absolutely about writing columns! Suppose such comes under the heading of trivia, but that's neither here nor there, trivia or no. . . I'd best begin dispensing a bit of same—

Doris and Jack Seizeneau celebrated their 21st wedding anniversary at Elaine Davis' home last Friday night—their rather novel menu consisted of baffled crabs topped off with watermelon

Proceeds from Dance

A little over \$160 was collected at the recent dance to benefit tiny Cynthia Ann Klein sponsored by the Clermont-Lakeshore Youth Center—a satisfactory amount, but much more is yet needed to cut down staggering medical bills piled up by the young lady's illnesses and a spaghetti dinner will be given in her behalf on Sunday, June 24, at the Youth Center.

Our old friends 'Miss' Pearl and George Herzog have arrived to spend the summer in their Poros Street home. Son Pinkey and wife, Marion were their guests last week.

Pat Burdette is spending her vacation with parents Helen and Will—Pamela Russell of New Orleans is her house guest.

Gerri and Sam Blanchard took son Chip to Vidalia, La., for a visit with his maternal grandparents, Mr. and Mrs. Doyle Spell. . . Gerri spent the remainder of the week leisurely accompanying Sam on business trips around the state.

Bernie and Mel Thomas were weekend guests of Ruth and Matt Ballerina—Saturday the group accompanied the Scauses to Hillcrest Estates near Abita Springs, where they modeled for the cameras again. . . not for tv, but they'll appear in a brochure attesting to the beauty of the spot, Matt's mother, Mrs. Annie Ballerina, and brother, Norman, dropped in on Sunday.

Get Well Wishes

Happy to report that our sick list has become somewhat smaller—Pye Kammer is feeling fine following recent surgery, although she still has to speak in subdued tones. Belle Penrose is still under treatment for a facial injury suffered in a fall at her home last winter, but this doesn't appear to slow her down in the least. Lois Kothmann has been under the weather with a severe cold but she too is on the mend.

Barbara and Bubba White returned from a two-week vacation in Anahuac, Texas, sans children, who remained for a month's visit with Barbara's parents, Mr. and Mrs. H.S. Sterling. While in Texas they also visited Bubba's mother, Mrs. Elizabeth White. Then they dropped in on former Wavelanders, Kirby and Ralph Shelton who now make their home in Houston.

Mr. and Mrs. Paul Williams of Houston, Texas, are guests of Mr. Williams' parents, Mr. and Mrs. O. H. Williams at their home on Millers Drive.

Mrs. O. E. Schupp has returned to her Oak Blvd. home after spending the past few months in New Orleans.

Complaint of the Week

Same old, but this must be the umpteenth verse—we refer to the un-rest pile of trash which may be found along the roadways all over town each Monday morning, which makes it appear that weekenders are largely responsible for this messy state of affairs.

Mrs. Nora Cran of Belize, Honduras, who spent the past 18 months in England, is a guest of her step-daughter, Mrs. A. Fraser and Mr. Fraser at their St. Joseph St. home.

Shirley and Bill Favre became parents for the second time last week. Their second child and first daughter, Shirlee Ann was born at Hancock General last Thursday.

Martin Markel now lays claim to champion bowler of Waveland. . . he came up with a 692 series last week. Vernon Bermond followed with a 700 series the same afternoon.

Bay Side of the News

Master Scott Tudury, son of Mr. and Mrs. T.A. Tudury, grandson of Mr. and Mrs. Theo Tudury, won first place in a baby contest in Morgan City, La. last weekend. Scott is also the nephew of Dot (Mrs. Dan) Russell. Hate to say 'I told you so', but we did suggest that perhaps Claiborne Lader's hobby, raising bees, could continue to be hazardous. . . now rumors have reached us that he's nursing a brand new batch of bee stings! Bay St. Louis (and Waveland, as he's a former resident) may well be proud of Peter Henderson, who will receive his medical degree with honors at Mississippi State Medical University Friday. Pete, who is barely 22 years old, is one of the youngest ever to receive such a degree from the school. He'll intern at the University of Alabama Medical Center. Tall, dark and handsome Arnold Kohn, the newest member of the law firm of Russell and Favre, received his law degree Sunday from Ole Miss and arrived in the Bay the following day—a graduate of Ohio State University, he is 33 and single. . . the foregoing statistics for the benefit of all single gals!

Bonnie and Sidney Bourgeois enjoyed their first vacation since their honeymoon a little over two years ago. . . they drove to Pensacola Sunday and returned home late Tuesday. . . their travelling companions were the Bill Ruppes.

Bessie and Jimmy and the smaller DeBlancos watched oldest son Jack ride in his first horse show in Pascagoula Sunday. . . Jim Mayfield and sons Jimmy, Tier and George made the trip with Tom Harrison, who also entered his horse in the competition.

Former Wavelander Frances Brenskie Chapman and husband Jerry leave today for New York City, where they'll spend a few days before moving into their new home in Albany, N. Y. Jerry begins his new job on June 15.

On the Sports Front

Our seafood reporter, Oswald Villars, pines for the old tidings that the soft shells have departed for the present, but clammers are still plentiful. . . we note lots of fishermen near the Jackson Ridge culvert, but have a feeling their luck hasn't been too good as we haven't seen any of the 'old pros' (Fred Bourgeois, Comde Herlihy, Brewster Mollere, Ed Fayard, Clem Penrose, Leo Farrell and the Graduate Foted).

Mr. and Mrs. John Albert Grass entertained at a buffet supper honoring their daughter Dianne following her graduation from St. Joseph Academy May 21. Guests included her grandmother, Mrs. Eileen Grass, Messrs. and Mrs. Frank Cloutier, Edward Grass and William Grass, all of New Orleans and Messrs. and Mrs. Leroy Luke, George Hatzmann and Capt. and Mrs. Ivan Bradford.

Set Nuptials

Miss Loyce Celina Goubler, daughter of Mr. and Mrs. Lional Goubler of New Orleans, has chosen Saturday, June 16, as the date of her marriage to Peter Thomas Noto, son of Peter Noto of Waveland the late Mrs. Noto. The wedding will be solemnized in St. Raphael Church in New Orleans.

(Note) In the area, Haven't the vaguest idea what's in season, so best we forget hunting 'til we ascertain what is and isn't legal! Sed news for the ladies—another, and we might add one of our most attractive, eligible gentlemen is taking the final steps toward matrimony—Basil Cockshott's bride-to-be is a lovely Englishwoman who will arrive from Great Britain in the very near future—more details next week.

SIGHTS AND SOUNDS ALONG THE WAY—a misguided heron with obviously suicidal intent, darting and diving along Beach Blvd. a chubby toddler sleeping in his play pen while a m a o and papa are busily crabbing.

Jackson Ridge campers giving the vicinity sort of a nautical atmosphere and the shrieks of seagulls as they hover above seawall fishermen pleading for a share of the catch.

City Echoes

Mrs. William W. Tait enjoyed visits from her five children on her birthday May 28. They are Mrs. A.J. Miller, Mrs. Jean Childress and Mrs. A. G. Hurley of New Orleans and Wiley and Joseph Tait of Bay St. Louis.

Miss Emille Delph returned Monday from Aberdeen, where she was the guest for several days of Mr. and Mrs. Joseph C. Pressley and their son Larry. The occasion of her visit was Larry's graduation from the University of Mississippi.

Mrs. Hugo Satterlee returned Tuesday from a weekend visit with her daughter, Mrs. Loretta Michel, in New Orleans. While in the Crescent City Mrs. Satterlee attended a bridal shower honoring her granddaughter, Linda Marie Michel. Mrs. Milton Munch, eldest daughter of Mrs. Satterlee was hostess for the affair. Little Mary Michel, daughter of Mrs. Michel, is spending the summer with her grandmother, Mrs. Satterlee.

Eight members of Bay-Waveland Garden Club attended the one-day session of the South Region, Garden Clubs of Mississippi, at the University of Southern Mississippi last Thursday when rules for the new Cleanest Town in Mississippi contest were discussed. Delegates were Mesdames Hilaire Ogden, Erle Kirkpatrick, Herbert Baron, C. R. Beyer, Albert Kuehn, John Stern, Ben Hille and Waldo Ouis.

Mrs. George Bensabat, former Bay resident, received the outstanding degree candidate award given by Alpha Sigma Lambda, honorary evening college fraternity, at Tulane University commencement last week. She received a bachelor of arts degree.

Mr. and Mrs. Roger Don, returned Thursday from a two weeks' vacation trip to Key West, Fla.

Mrs. Allie LaFrance is enjoying a visit from her granddaughter, Diane Waller of New Orleans. Diane will return to her home in the Crescent City this weekend.

Mark (Sparkie) Horne, son of Dr. and Mrs. M. D. Horne, is spending the summer in Atlanta working for Ballinger Road Contractors.

Mr. and Mrs. Robert Fister and three children of Atlanta are visiting Mrs. Fister's parents, Dr. and Mrs. M. D. Horne. The occasion of their visit was the graduation of the Hornes' eldest son, Jack, from Loyola University last week. Both the Horne and Fister families will attend ceremonies at St. Joseph's novitiate next week where Jo Ann Horne will receive her habit as a sister of St. Joseph.

Mrs. Max Lorentzen arrived Tuesday to spend a few days with her sister, Mrs. Eugene Mogabgab.

Visiting Sunday with Mr. and Mrs. Waldo Otis and family were Mr. and Mrs. Paul V. Joubert of New Orleans. Mesdames Otis and Joubert are sisters.

Mr. and Mrs. Ira S. Wilson of Houston, Texas, were weekend visitors here. Mrs. Wilson is the former Hermenia Manieri.

Teen Times

Summer has arrived and most local teen agers are taking full advantage of their newfound freedom from the classroom. We're still picking up news of post-graduation festivities. J. D. Rutherford was honored at an open house by his parents last Friday night. Pat Goodsell also entertained a group of friends the same night; refreshments included a large graduation cake shaped like a diploma in Bay High's senior class colors, pink and white. A Kilroy occupied the center of Paula Crider's cake when she hosted a swimming party at Cue's pool last Thursday for a group of Bay High senior girls. Diana Grass, who's announcing news of importance on the society page this week, was given a buffet supper on the occasion of her graduation from St. Joseph Academy.

Let's do a bit of checking up on what some of our Bay High graduates plan to do now that they've completed high school—next week we'll do the same with St. Joseph and Stanislaus grads.

The University of Southern Mississippi and P.R.C. appear to have attracted the largest local groups—Nita Kay Ervin, successful candidate for the Dixie Darlings, Pennie Sue Webb, Ann Bryant, Carol Western and Paula Crider are all bound for the former. Potential PRC students include Kathleen Schaefer, Wayne Lachner, whom we hear was awarded a band scholarship, Jimmy Giametta, Lana Taylor, Johnny Kramer and Glenda Kennedy. Ann Clark, who needs an extra heavy charm bracelet for her scholarship medals, is bound for Rice University. Ripple Rausch has chosen LSU, Kees Brameyer and Ronnie Russell will attend Ole Miss, Alfred Watts leaves for Starkville and Mississippi State and Warren Traub is headed for Millsaps.

Ripple Rausch, Kees Brameyer, Sue Porter, Linda McCulloch, Leslie Peppercene, Sammy Allison and Holly Ruhr are attending a workshop for HOYCS members at Rose Hill. Pretty Carol Bourgeois, queen of the annual Deep Sea Fishing Rodeo, will be a busy young lady for the next five weeks taking part in pre-rodeo festivities. A trip to Jackson is always one of the highlights of the queen's reign.

The big question at the moment is who will be Miss Bay St. Louis of '62? Candidates are almost as numerous as they are pretty—some of them are Pennie Sue Webb, who'll be accompanied in her talent presentation by Ann Clark and Paula Crider, playing piano and trumpet respectively; Ripple Rausch will serve as accompanist for Lana Taylor, another very talented miss. Other hopefuls are Bernadette Lind, sisters Dominica and Ann Morreale, Martha Allison, Elaine Zeilke, Lois Rinehart and Millie Usher, well known for athletic prowess as well as for beauty.

Speaking of athletics, Carol Bourgeois scored two home runs as O. L. G. defeated Mollere's Realty in the opening game of the women's softball league Sunday night. Dale Sallier pitched.

ROUSE TO COVINGTON

Leo Rouse, who has served as superintendent at Hancock North Central School for the last two school terms, has accepted a position for 1962-63 in the Covington, La., system where he will be assistant principal and head of the science department.

St. Joseph seniors report a fabulous trip to New York and Washington. The girls arrived home last Wednesday night. A really warm, and we're not kidding, welcome home to Jeanne Larroix who is spending her summer "vacation" from Loyola aiding and abetting the staff of the Echo.

Berry Smith of Clermont Harbor, a '62 graduate of Bay High, plans to seek a job and spend her spare time studying art—hope she'll continue in this pursuit, the gal's loaded with talent.

Hears... Baseball Injuries

Is he outland? It's strange this question isn't asked more often. The investigating committee is looking into the matter of boxing, why not the same with baseball. American Baseball Leagues lately haven't been able to witness these examples...

ago Mando Minoso, of St. Louis suffered head injuries when he banged against the outfield wall. He will be out of action for another month.

ago Mickey Mantle, star of the world champion Yankees, injured his leg and he'll miss about a month of action.

ago Ernie Banks, former National League home-run king, was hit in the head by a pitched ball and is missing about 10 games.

ago Banks' injury, Al Kaline, former A. L. Battering Ram, suffered a serious collarbone break while making a sliding catch of a looping line drive to end a game against the Tigers a 2-1 win over New York.

ago, best pitcher in baseball last season with a record of 24-10, the Yanks' good all-around third baseman, Clete Boyer, was out of action last week, Ford missing a pair of games and Boyer missing a week's activity.

ago, Dodgers, generally conceded to have one of the best lineups in the National League, were reduced to six players from the 10 or 11 they started with. One was injured, another hurt his arm during a game, and others were out.

ago, best relief pitcher in the majors last season, earned run average, is injured and on the disabled list. He will not pitch again for six weeks or more.

ago, a 20-game winner for Detroit last season, was hurt before the start of the season and is still out. The team's loss has hurt the Reds.

ago, one of the better catchers in the National League, was hurt badly about a month ago when a pitched ball went into his face mask. He missed two or three weeks of play. The major leaguers have been injured this season, and we can't imagine there should be no broken bones, sprained ligaments, etc., in a game with a schedule as grueling as baseball has, but we can never remember a time when as many of the league's biggest stars were shelved.

INDIVIDUAL WINNERS IN JUNIOR YOUTH BOWLING LEAGUES

Echo, Industrial Teams Win Leagues

Peggy Giveans and Albert Brignac were presented high average trophies at the junior-senior girls' and boys' bowling leagues' season-closing banquet May 29 at Haverty's. They averaged 124 and 153, respectively.

The Sea Coast Echo won the first-place team trophy in the Lane Lubbers girls league. Industrial Enameling received the championship trophy of Strike-outs boys' league.

Carolyn Damien captured the trophy for having the high individual series among the girls, 461, and Joel Johnston won the high single game trophy with 187. Pamela Pike was named most improved in the league.

Ed Shumski won the high series trophy in boys' league play, bowling a 549. Dick Watts rolled a 225 single game to win that department. Ronnie Bufkin was named most improved. Certificates were presented to those with good attendance throughout league play and plans were discussed for the summer leagues. Members of W. A. McDonald and Western Auto, second and third in girls' league play, were given patches as were bowlers on Gulf Coast Express and Ramelli Riots, second and third in the boys' league. Sponsors as well as bowlers attended the banquet.

3 Scout Troops In Weekend Camporee

Boy Scout Troops 220, 208 and 217 will "rough-it" this weekend as participants in a competitive camporee, a district sponsored project under the direction of David Treutel, camp and activities chairman.

Boys from the three troops and their scoutmasters will set up camp Friday on some undeveloped property off Main Street near Jordan River where the groups will vie for awards in various camping activities.

Treutel said parents are invited to attend a bonfire and court of awards at the campsite Saturday night.

Southern Realty Is Finalist In Biloxi Tourney

Southern Realty scored a series of victories this past weekend in the Biloxi Invitational Softball Tournament in which Gulf Coast Express was also a participant.

In Friday night's contests, Southern Realty stomped Gibson's Discount House of Gulfport 24-1. Gulf Coast Express ran into some difficulty in their first game of the single-eliminations tournament Friday night. In the game against Sunbeam Bread, the Bay team was forced to forfeit after seven innings and a 4-4 tie score because of insufficient players to complete the game.

On Saturday Southern Realty scored a 12-4 victory over Busch Bavarian of the Biloxi League. In the Sunday afternoon semi-finals they squeezed past Pass Christian's McDonald's Cleaners with a final score of 2-1. Key Beach Club of Biloxi knocked Realty out of the finals Sunday night 6-3.

In the nightcap Wednesday Industrial Electric suffered a 20-8 defeat by Trapani's sluggers with Claude Yarborough, Trapani pitcher, giving up only five hits. Red Davis was credited with the loss.

The Traps met their match Friday night when they were whipped 6-2 by the Knights of Columbus. Yarborough, losing pitcher, gave up nine hits. Gene Rodger, K.C.'s winning pitcher, and Sheldon Seuzensen were top hitters of the evening with a two for two and a three for three respectively.

In Friday's second game Don Caldwell pitched Southern Realty to a 7-3 victory over Kih Youth Center while teammate W. J. Cameron led with four for four in the hitting department. Jerry Mitchell, Kih's losing pitcher, gave up 13 hits.

Krankey lost 8-5 to Reintke in the first game Monday night with Billy McDonald on the mound. He faced a quartette of Reintke sluggers, Buck Kimball, Buddy Pitilo, Gene Tarzetti and Charlie Carter who slammed two hits apiece. Winning pitcher Charlie Carter gave up 11 hits. Roland Signs and Industrial Electric tangled in the nightcap Monday. Thanks to some fine pitching by Red Davis and nine Roland Signs errors, Industrial Electric scored a 15-5 victory. Lewis Lader, losing pitcher, gave up 14 hits.
